

# Fare schedule

## Paratransit

Fare in effect starting July 1, 2024

# Introduction

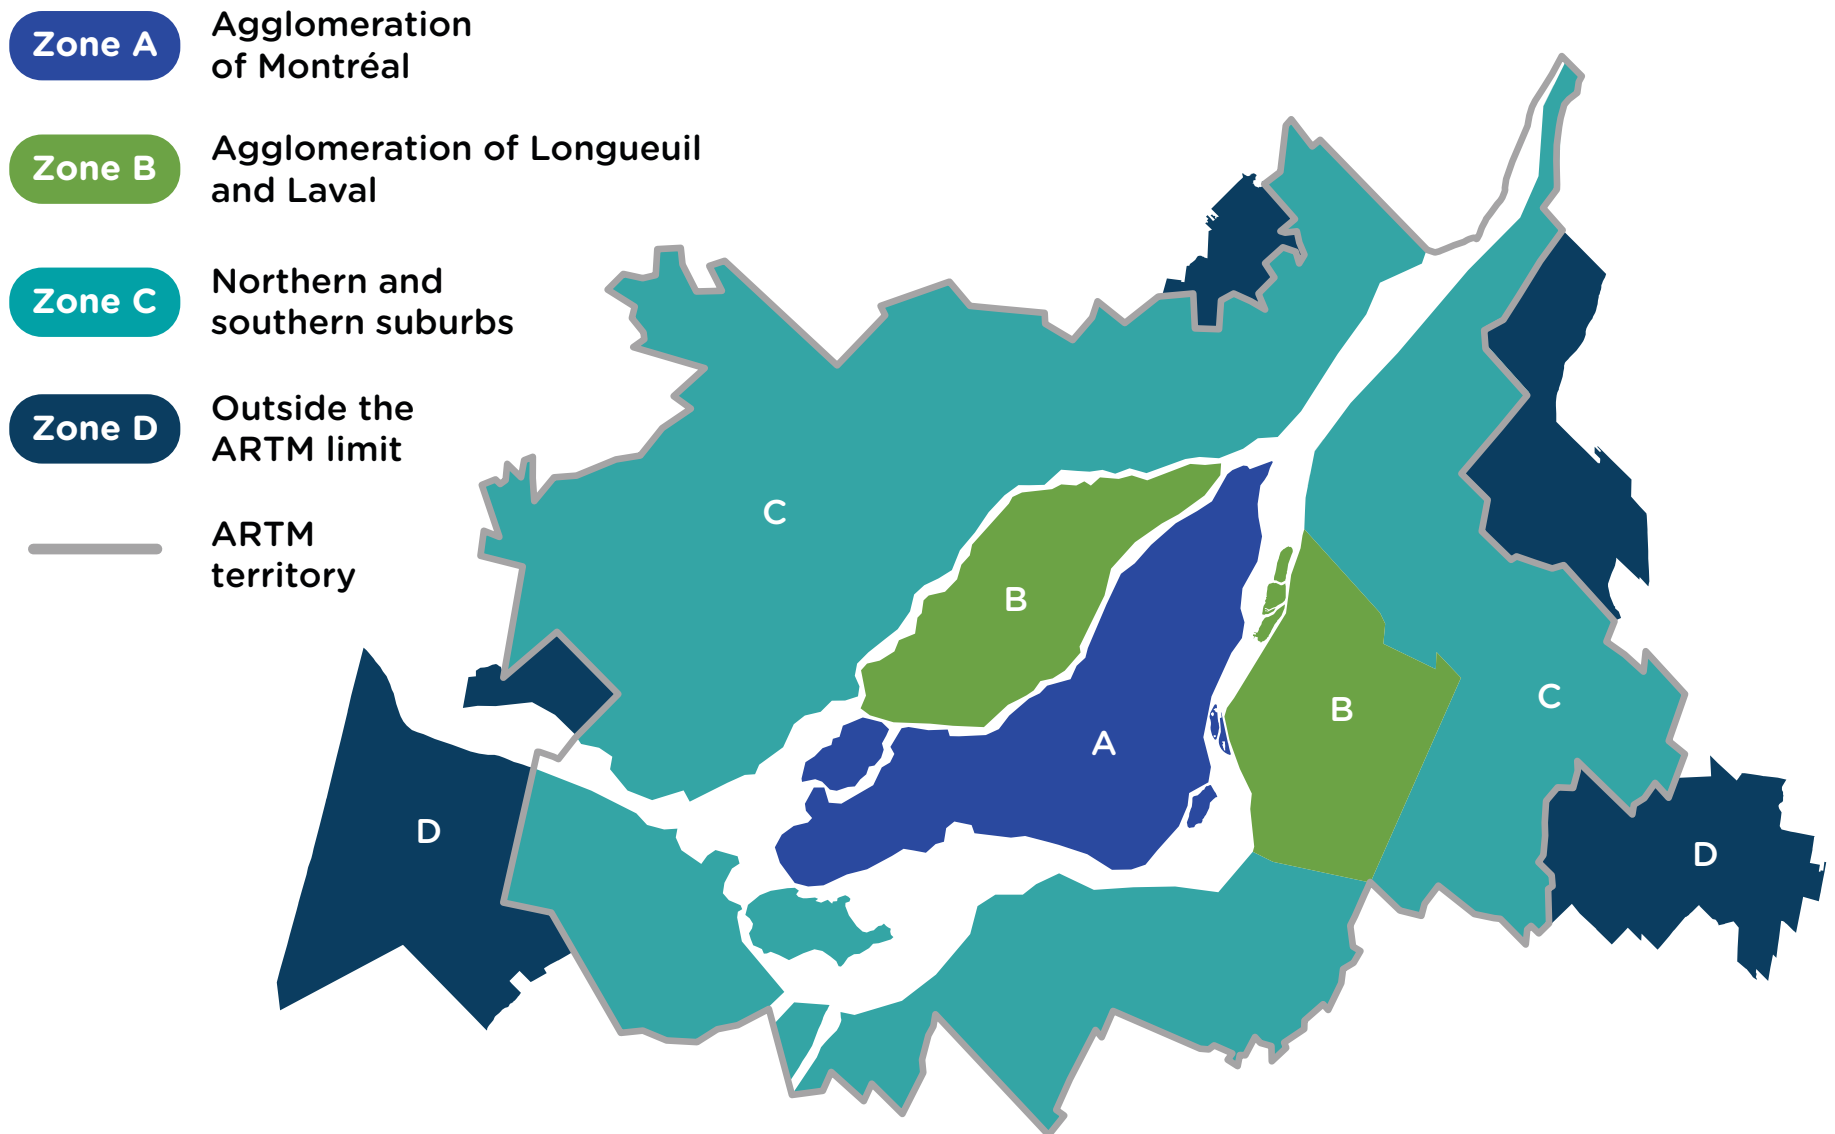

The ARTM has been rolling out the fare reform in its territory since 2021. Largely completed in 2022, this reform will continue in 2024 and is designed to simplify and harmonize the pricing of regular and paratransit services in the metropolitan area.

The information below will help you find the right ticket for your trip.

## 1. Identify your departure and arrival zones

There are 4 fare zones.

You can confirm your municipality's fare zone by consulting the [table appended](#) to this fare schedule.

## 2. Select the appropriate transit ticket for your trip

Your ticket must be valid in your departure zone, any zones you cross through, and your arrival zone, as well as on the modes of transit you use.

The **All Modes**, **Bus** and **Out-of-Territory Bus** tickets allow you to travel throughout the metropolitan area:

**All Modes** tickets allow you to use all transit modes in or between the zones identified.

**Example:** One **All Modes AB** ticket allows you to travel on all modes of transit running between Montréal (zone A) and Laval (zone B).

The **Bus** ticket allows you to use paratransit services in or between zones B and C on the same shore.

The **Out-of-Territory Bus** ticket allows you to use paratransit services in or between zones B, C and D on the same shore.

### Good to know

The fare schedule includes other transit tickets. They provide less flexible use of paratransit services since they are limited to specific sectors or modes.
